# INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Tarboro Directory since 1956), present to subscribers and the general public, this, the 1962 edition of the Tarboro City Directory, which also includes Princeville and the Rural Route Residents.

Confidence in the growth of Tarboro's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Tarboro to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Tarboro Directory will fulfill its mission as a source of authentic information pertaining to the community.

## Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department, printed on goldenrod paper, and contains the advertisements of leading manufacturing, business and professional interests of Tarboro. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Tarboro, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

II. THE CLASSIFIED BUSINESS DIRECTORY is the second major department, printed on canary paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such, it plays an important part in the daily activities of the commercial, industrial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

III. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the third major department, printed on white paper. This is the only record in

800172 9/11/62 Greenboro (N.C.)

HILL'S DIRECTORY COMPANY  
PLUMBING CO.

existence that aims to show the name, marital status, occupation and address of each adult resident of Tarboro, and the name, official personnel, nature and address of each firm and corporation in the community.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the fourth major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

#### **Community Publicity**

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Tarboro and vicinity.

#### **The Tarboro Out-of-Town Directory Library**

Through the courtesy of the publishers of the Tarboro City Directory, a Directory Library is maintained in the offices of the Tarboro Merchants Assn. and Chamber of Commerce, Inc. for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the U. S., Canada and Puerto Rico by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY COMPANY,  
Publishers.

#### General Review

Edgecombe County, 1955-56 assessed valuation \$55,637,989; rate \$1.40 per \$100; outstanding debt at March 31, 1956 including \$30,000 Refunding Bonds sold on March 27, 1956 \$1,630,000; population 1950 U. S. Census 51,634.

Tarboro, county seat of Edgecombe County, is located in the coastal plain section of North Carolina, in the center of one

**Tarboro High School**

of the State's finest agricultural areas producing tobacco, cotton, peanuts, corn and feedstuffs. Located within the town limits is a cotton mill employing 625, a veneer mill employing 140, and a farm machinery manufacturer employing 414. Other industries include cotton, lumber, knitting, feed and grain, and cotton oil mills. The average weekly payroll of the town is approximately \$150,000. Tarboro, the home of Carolina Telephone and Telegraph Company which serves about 100 municipalities in eastern North Carolina.

Incorporated in 1760, Tarboro has shown steady progress in growth. The retail business section, with its modern stores and progressive merchants, is one of the finest in the south for any city of comparable size. A wide selection of merchandise is offered in the stores and the local citizen can fulfill all his needs right at home.

Tarboro has a healthy diversification of industry which insures its continued growth and prosperity. Located here is a large textile mill, two hoisery mills, an agricultural implement manufacturer, two large lumber manufacturers, a plywood manufacturer, a concrete block and concrete products manufacturer, a peanut processing plant and a cotton seed oil products manufacturers. Native labor is employed in the Tarboro plant and employee-manager relationship has been noted for smoothness of operation and good will.

In addition to its diversified industry, Tarboro is a very important tobacco market. Six large, modern auction warehouses handle the leaf sales and buyers representing all domestic and foreign companies are on hand for the auctions. For the past several years Tarboro has shown a gratifying increase in the number of pounds sold each year and is rapid-

**Edgecombe Memorial Library**

ly becoming one of the best markets in the Bright Leaf Tobacco Belt. Production and marketing of cotton and peanuts have also played a very important part in the city's growth.

Tarboro boasts three modern hospitals in addition to the County Tuberculosis Sanatorium. Two of these hospitals, the Bass Memorial and the Edgecombe General, are staffed by white doctors and nurses while the third, the Quigless Clinic is for colored patients only. The health of a community plays a vital part in the stability and progress, not only of the community itself, but of the nation as a whole and Tarboro is fortunate in having these fully-equipped hospitals with their well-trained staffs. They serve patients from a wide radius and the doctors who practice in the hospitals are considered among the finest in the State.

Tarboro has the distinction of being the first municipality to operate its own milk plant. The Municipal Milk Plant was originated in 1918 after an epidemic of disease among Tarboro's children which was traced to the milk supply. Operated on a non-profit basis, its beginning was a modest one, but the plant and its output have grown until it is today in the category of "big business." By operating on a non-profit plan, the city is able to give to its citizens and customers a better grade of milk at a lower cost. The raw milk is purchased from nearby dairies and is pasteurized before being bottled. This plant has been the subject of study by representatives of city governments from every part of the country and abroad.

In addition to the Municipal Milk Plant, Tarboro also operates its own electric plant, furnishing an ample supply of power both for industry and home needs. The profits derived from the Municipal Light and Power System have contributed

**Tarboro Swimming Pool**

towards keeping the city in excellent financial condition, with a low bonded debt and a low tax rate. The city also has a modern water purification plant which was built during the mid-thirties. This plant is large and modern in every respect and is adequately equipped to take care of the city's present and future needs.

Tarboro is served by a network of well paved roads which include U. S. Highways 64 and 258. The Atlantic Coast Line Railroad serves the city and offers excellent connections to all parts of the country. Air transportation, air freight and crop dusting facilities are available at the city-owned Tarboro Municipal Airport and excellent bus connections are available to all parts of the State.

The Municipal Swimming Pool in Tarboro is one of the finest in the South. Tarboro citizens can well be proud of this splendid outdoor pool which is open day and night to swimmers of all ages. Year after year, Tarboro has produced outstanding swimming teams which have won more than their share of trophies and records in swimming meets both at home and throughout the East, Midwest and Deep South. The Tarboro pool has paid great dividends in health, safety and teamwork for the youth of Tarboro and has been an important addition to the recreational facilities of all her citizens.

In addition to the swimming pool, Tarboro has a fine Municipal Ball Park. Additional recreational facilities include golfing, tennis and softball. Fishing in the Tar River which borders the city, and in the smaller streams in the county, as well as hunting in the fall and winter, round out a complete recreational program.

Town Common

Of special interest to the visitor is the Town Common which is one of the most beautiful parks in the State. Its massive oak trees have afforded shade for generations and it is a favorite gathering place for children and grown ups. Visitors will also want to see Calvary Episcopal Church, the parish house which contains museum pieces dating back to 1320. Trees growing in the church yard, including a cork tree, were brought from every continent of the world. Another place of genuine interest is a small, private museum owned by Dr. J. P. Keech. Started as a hobby by Dr. Keech in his boyhood, this little museum contains a very interesting collection of Indian relics, firearms and swords dating back to the Civil War, implements and tools over one hundred years old and an amazing variety of other museum pieces. Here are preserved the minutes of the first Masonic meeting in Tarboro which took place on Nov. 11, 1811.

Tarboreans are proud of the Commons, the only Commons south of Boston, a tract of land situated in the heart of the city, where stately oaks and flowering dogwood trees make it a place of beauty.

Adjoining Tarboro on the south is the Town of Princeville which is the only incorporated Negro community in the State. Princeville was incorporated in 1885.

Edgecombe County was formed in 1732. Bounded by Halifax, Martin, Nash, Pitt and Wilson counties, it is in the center of the Bright Leaf Tobacco belt of the Carolina Coastal Plain. Within its borders are five hundred and fifteen square miles of rich agricultural land which produce tobacco, peanuts and cotton in great quantity. The sandy loam of Edgecombe County is ideal for the raising of fluecured tobacco. This valuable crop is grown in all parts of the county and contributes materially to the wealth of this section. Plant disease is rare and the better grades of tobacco predominate. Ranking sixth in the state in value of crops and livestock, Edgecombe County depends largely on the soil to maintain a relatively high per capita worth. Of the county population over fifty-five thousand, about seventy per cent are engaged in agriculture and the raising of livestock.

The social and civic life of Tarboro is active and very progressive with 17 civic and cultural clubs. The Hilma Country Club and American Legion hut are constantly in use.

There are two public libraries in Tarboro with bookmobile service for the county people. The new and modern Edgecombe County Memorial Library was dedicated in 1960 and contains over 20,000 volumes and many valuable paintings.

## Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

**Do your employers furnish you with  
the latest edition of the City Directory?**

★

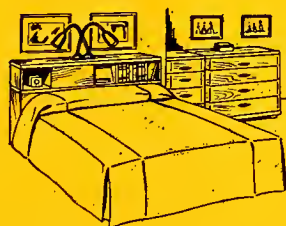

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

"r"—RESIDENT

"h"—HOUSEHOLDER

**"r" AND "h"**

Two important symbols are used in your City Directory. The symbol "r," before an address stands for "Resident." That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

## *Out of Sight • Out of Mind* ★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight.  
*Insist on being well represented in its pages.*

### EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in heavy type denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co.)

The head of the house is indicated by h preceding the street address, other members of the family and roomers are indicated by r preceding the street address.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.

## HILL'S TARBORO

Directory of Householders, Occupants of Office  
Buildings and Other Business Places, Including  
a Complete Street and Avenue Guide

Including Princeville

1962

Copyright, 1962, by Hill Directory Company

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable. In apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find the occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding name denotes houses and places of business having telephones.

Figures in parenthesis denote old numbers.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance).

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible).

HILL DIRECTORY COMPANY'S

# This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
